East End of Grand Cayman has a total of 55 dive sites. Ocean Frontiers has set a challenge for divers to visit and log each of the 55 dive sites.

Complete the challenge, and become one of our diving elite and have a bronze plaque with your name on it installed on our dock walkway.

Golfers aspire to wear the Green Jacket of the Masters Tournament, Cyclers dream about wearing the Yellow Jersey of the Tour De France, but in the dive world, it is all about your pair of Green Shorts.
